Assessor Comments	A uniform and forward-moving line of Angus backgrounder heifers that represent the complete drop purchased by the vendor as calves at foot, with only a small tail removed to ensure quality consistency. These heifers display good length and structural soundness, with the leaner Fat Score 1 heifers showing great strength and the ideal frame to explode with compensatory growth on good feed. They are very well-mannered commercial cattle that track beautifully through the yards and are a pleasure to work with.
