Assessor Comments	On offer is a line of crossbred heifers, all of the hard work has been done with these heifers and they are ready to keep going ahead and will be perfect backgrounders for the future feedlot and slaughter markets while some also have the quality to become future breeders, Heifers are by a large range of breeds of bulls and cows, most of the heifers are showing the composite, Droughtmaster, Brangus and Charbray lines with some very good crossbred heifers through them as well. Heifers have been kept in the yards on hay as each paddock has been mustered and sorted as such these heifers present in excellent buying condition for that reason. Heifers were pre treated with icon pour on on the 21/7/26.
