Vendor Bred

Yes

Lifetime Traceable

100% of cattle in this lot are Lifetime Traceable

Breeding Comments

Red Angus / Composite Stabilizer Bulls sourced from Hicks Beef Genetics, Holbrook NSW

Grazing Conditions

Steers running in fresh spinifex, buffel and native grass pastures .

Returned same

Burr/Seed in Coat

No Burr or Seed of weeds declared noxious observed in the coats at assessment

HGP Status

The owner declares that the cattle have not been treated with HGP at any period of their lives

Vendor Comments

A good line of mostly medium and large framed vendor bred heavy feeder type steers bred in lighter forest country that we expect to fire away on fresh feed. Part of our annual turnover.

|                                       | Slightly Stirry: 2 head                                                                                                                                                                                                                                                                                                         |     | Slightly Stirry: 2 head |      | Paddock                     |      |              |     |
|                                       | Steers were good to handle in the yards, they worked well through the crush, showed no signs of aggressive behavior although two stirred up when put under pressure or was away from his mates.                                                                                                                                 |     |                         |      |                             |      |              |     |
| Handled With                          | Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Vehicles                                                                                                                                                                                                                                                               |     |                         |      |                             |      |              |     |
| Assessor Comments                     | A good line of mostly large and medium framed heavy feeder type steers presented as part of the vendors yearly turnoff. Steers are bred in forest spinifex type country, so expect to see excellent weight gains on better feed. PLEASE NOTE: Vendor has a line of 131 Weaner Steers also available for sale in this catalogue. |     |                         |      |                             |      |              |     |
| Assessor                              | John Soutar (Level 2 Accredited)                                                                                                                                                                                                                                                                                                |     |                         |      |                             |      |              |     |
