The breeding of these steers show a history of strong performance both on Grain & Grass making them an attractive line of Genuine EU Accredited Feeder Steers. Further to the vendor comments they would like to mention these particular steers are the product of many years of selecting high end commercial Simmental genetics, Previous steers of the same breeding have achieved 2.2-3kg per day over 100 days on grain or consistently dressing out at 320-380kg on grass before 3 years of age. Vendor has Pre Treated these Steers on 18/7 to assist the purchaser if required and a Pre Treatment form will be provided on delivery.
