Assessor Comments	This is an exceptional run of weaned heifers that are moving forward and ready to be taken on. They are predominantly soft in breed make up and have the bone to be taken through to a kill heifer or heavy feeder heifer. A run of their mothers were weighed on the same day and averaged over 600 kg. The vendor has agreed to deliver cattle to Moura or Gracemere and will guarantee clear of the dip Moura. This is an exceptional line of weaned heifers and I can recommend them highly. The Vendor also has a line of steers in this weeks sale. Any queries please give me a call.
