Handled With	Bikes					
Assessor Comments	Buyers, here is a nice line of vendor bred, weaned PTE Angus & Angus cross heifers that ave 335kg (290 to 390 kg curfewed. Heifers are soft smooth easy doing types showing nice spring of rib with depth of flank. Heifers show nice length and are very feminine types. The lead of these heifers are normality retained as replacements. They are out of fertile medium to large frame cows by good quality stud Angus sires. Heifers were agitated today with different people about but did start to settle as day went on.
