Temperament not assessed in Paddock

Heifers worked well through the yards and were a pleasure to handle. A very small percentage of the heifers became unsettled in crush and when pressured which is common behavior for weaners, But settled once back in the mob, Cattle temperament is a credit to Vendors.

Assessor Comments

Buyers, on offer are 68 VGQ Hereford weaned Heifers. These heifers come with plenty of years of breeding behind them backed with Mossvale, Days Whiteface and Tycolah Poll Hereford bloodlines. Heifers would generally be retained as breeders however, due to ongoing dry conditions and surplus numbers these heifers will be offered for sale. Heifers stand on good bone showing plenty of length, depth and softness while still showing very good femininity. These heifers would suit restockers looking to build up breeder numbers and join to a bull of your choice in the coming time.
