Assessor Comments	Great opportunity to purchase a deck cross bred steers that are absolutely ideal to put on oats or re paddock. These steers are very well educated with plenty of frame to move. (Located in a tick free zone) steers have been injected with a Bomectin at assessment to eliminate any internal and external parasites. Cattle present in good store condition. Excellent weight gains would be achieved on these cattle given the right conditions. Buyers please note little brothers are also offered in this weeks sale
