Temperament

Yards	Crush	Paddock
Quiet: 19 head Slightly Stirry: 5 head Stirry: 1 head	Quiet: 10 head Slightly Stirry: 14 head Stirry: 1 head	Temperament not assessed in Paddock

The stirry heifers were in the race & crush & did leave the crush quickly. All but 1 heifer did settle once in the mob. These heifers were sensitive to movement & had a large flight zone at assessment. There is a wild dog problem in the area & these cattle are very nervous which could be attributed to this. Vendor is going to leave the cattle in the yards & rehandle until to delivery which should see the heifers more settled at delivery. Would recommend leaving in yards to settle once delivered.

Assessor Comments	Buyers a line of predominately Angus heifers that would suit taking through to trade or heavy feeder weights, potential breeders could also be classed out. These heifers have good frame in store condition with compensatory weight gain. The small amount of handling doing the photos & videos did see the heifers start to settle, see videos to make own judgement. Buyer please ensure you read the temperament comments any questions contact the assessor. The vendor has 22 steers same sale.
