Assessor Comments	Top Quality line of Angus steer weaners. These steers are the Top draft of the Evans steers. Weighed in a tight weight bracket from 322-386kg at assessment. Vendors have been using the top end sires from Bongongo for a number of years now. Great line of steers to take onto feeder weights or kill weights with all the hard work done. Past buyers have been really happy with their performance. Highly recommend by assessor, any questions please call myself.
