Handled With	Temperament is a credit to the vendor. Cattle worked through the race well and exited the crush in a calm fashion. Walked through them taking photos/videos and they were happy to slowly walk out of the way. Temperament highly recommended Bikes , Vehicles		
Assessor Comments	Great run of vendor bred Yearling Steers that have just gone over 12 months of age and show great growth & weight for age. Ideal feeder weights, these calves really show the years of genetic selection & breeding combined with a great season to present in top order. Cattle have been running on a grazing canola crop which has been locked up, so have moved to an improved pasture paddock and have continued to make solid weight gains over the winter period. Bred from a closed herd for over 40 years with an extensive AI program using industry leading genetics. Buy with confidence, Steers that will not disappoint the most discerning cattleman or woman.
