Assessor	A smart line of 88 one mark Angus Steers. Great opportunity to purchase a tight weight group of Dunoon blood weaned steers that have the breeding to perform very well. June/July/Aug 25 drop. Steers that would suit a backgrounding operation to take onto feeder weights or bullocks. Repeat buyer interest in these cattle. The vendor has focused hard on temperament & above average growth figures, which has proven in feedback by previous purchasers. Note: 15 steers with old eye scarring in one eye only, refer photo.
