Temperament	Yards	Crush	Paddock
	Quiet: 80 head Slightly Stirry: 4 head	Quiet: 80 head Slightly Stirry: 4 head	Temperament not assessed in Paddock

Handled With	Heifers handled well during the assessment process. They moved through the yards when being pushed and ran easily through the race. 3 heifers became slightly agitated when in the crush being weighed but quickly settled once rejoined with the mob. Bikes , On foot , Vehicles
Notable Traits	Traits 4 Head Old Eye Scar
Assessor Comments	A quality line of 84 exceptionally well-bred Angus heifers presenting an outstanding opportunity for breeders, backgrounders, feedlot buyers, and export operators alike. These heifers average 426kgs and are currently gaining 1.2kgs/day on grass only in a three-month period, highlighting their exceptional doing ability, efficiency and performance. Bred from renowned Dunoon Angus bloodlines, these females have been sired by carefully selected bulls chosen for calving ease, quiet temperament and superior growth genetics. These heifers themselves have demonstrated excellent performance with strong 400-day weight figures, making them a highly productive and reliable line. Offered as surplus to requirements, this is a genuine dispersal of quality females that have all the credentials to make outstanding future breeders. Equally, with their weight, frame and grown potential, they are ideally suited to be carried through to export or feedlot markets. A rare opportunity to secure a large, even line of Angus heifers combining proven genetics, performance and market versatility.
