Temperament not assessed in Paddock

Handled With	Very quiet young steers. All bucket reared, extensively handled. Very quiet to deal with in the yards, push them around by hand. All led up the race well, bar the odd steer that turned around in the race. Quiet to walk amongst in the holding paddock for photos. Quiet, well weaned steers that could be handled by a stock person of any experience. Bikes , On foot , Vehicles
Assessor Comments	Nice line of young, well started steers. All bred by the vendor, bucket reared for an extended period, weaned on to pellets early, then started on a grain ration. Steers are firing along on the Reid's grain mix, and would suit to continue on this way, being bunker trained and on the do.
