Assessor Comments	Offering 4 Decks – 120 Angus & Angus X Heifers- VET PTE. Approximately 95% of these heifers were bred in Southern NSW and Victoria, providing good quality Angus genetics, while the remaining 5% were purchased ex the Roma district and show some Angus/Brangus/SantaXAngus influence. They have performed very well over the past 12 months in Queensland while after some recent rain have chased a green pick resulting in a lack of weight gain. 50% sample mouthed, they are approx. 80% Milk Teeth, with the remaining 20% breaking or fresh 2 tooth. All heifers were pregnancy tested empty by a vet on 14th June. Please note 4 head have blue or white eye scarring.
