Steers generally good to handle in yard, however some tend to move quickly in yard and through a gateway. Cattle had settled and were calmer once rested whilst photos and videos were taken.

Handled With: Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses

**Assessor Comments**

A good quality line of Vendor bred, HGP Free Droughtmaster steers from the renowned "Valera Vale Droughtmasters" are on offer. Steers stand on good bone and have the right conformation to put the kilos on. They are an ideal steer to background or put on oats to take to heavy feeders or to kill weights. Steers were not mouthed due to their age however one of the biggest steers were mouthed and was a solid milk tooth. A genuine line of steers that won't disappoint any buyer. Weight range 286-395kg to Av 320kg curfewed.
