Assessor Comments	Buyers, this is a genuine line of well bred heifers with massive compensational weight gain. These heifers are all frame and ready to bounce away on some good feed averaging 277kg. These heifers show good length with plenty of room to fill out. This heifers are soft fertile types with majority of heifers normally being retained. Heifers haven't been joined and we're all preg tested PTE at assessment. Heifers were great to work through yards and have been very well educated. Note heifers are being sold as a run out the gate of 2 lots of 130 hd, all being weighed to average 276kg.
