Assessor Comments	Here are 23 good quality lightweight Angus and Angus Cross Heifers that have been recently yard weaned. Heifers are well bred being by Ruby Ridge Angus bulls out of very fertile productive Angus and Droughtmaster cows. These heifers are very tidy in the head. Heifers worked well in yards considering they were only weaned the day before assessment. Will grow on to be good feeder type heifers. There are some very suitable types to grow onto breeder replacements. Please note this vendor has another lot in this sale.
