Assessor Comments	An outstanding line of vendor-bred Angus heifers, with excellent breeding and quality. These young heifers display good bone, structure, and overall confirmation; suiting both the backgrounder or those looking for future breeders. They're packed with impressive Angus genetics, including: Bald Blair, Texas, Eastern Plain & Raff Angus bloodlines. A rare opportunity to secure high-quality heifers that would typically be retained and joined as future breeders; they're only for sale due to the current New England season. They're currently grazing on improved pastures & supplemented with a grain ration. The heifers have received their first vaccination with BOVILIS MH + IBR. Vendor has another line of heifers in same sale!
