These young heifers were easy to handle, moved through the yards and over the scales with a no fuss. They old one moved quick in the yards but settled quickly back into their mates. They were very typical of young unweaned heifers. Out of quiet cows.

Handled With	Bikes , Vehicles
Assessor Comments	An attractive small line of 11 unweaned Angus heifers. Very well bred, soft, displaying very good shape and bone. They are well grown with good weight for age and really long bodied young heifers. They present in fresh condition and have clean healthy coats. Sired by a son of Millah Murrah Paratrooper (P15) and out of quiet, large frame Angus cows. These heifers should suit a wide range of buyers - lovely heifers to grow as replacement breeders and should make really functional cows into the future. Or ideal heifers to put onto Winter crop to target Domestic markets or heavier feeder heifers weights. Vendor Bred, Grass Fed & Antibiotic Free. NB: Vendor has 17 steers (brothers) in the same sale. Good cattle.
