Vendor Comments

We are happy with how these weaners have come along with the recent change in season.

	These young steers were easy to handle, moved through the yards and over the scales with a no fuss. They old one moved quick in the yards but settled quickly back into their mates. They were very typical of young unweaned steers.		
Handled With	Bikes , Vehicles		
Assessor Comments	A very tidy mob of 17 unweaned Angus steers.Very well bred, soft, displaying very good shape and bone. They are well grown with good weight for age and really long bodied young steers. They present in fresh condition and have clean healthy coats. Sired by a son of Millah Murrah Paratrooper and out of quiet large frame Angus cows. These steers should suit a wide range of markets from Domestic to Heavy Export. Ideal steers to put onto Winter crop. Vendor Bred, Grass Fed & Antibiotic Free. NB: Vendor has 11 heifers (sisters) in the same sale. Good cattle.
