Quiet: 27 head	Quiet: 25 head Slightly Stirry: 2 head	Quiet: 27 head

These steers are naturally quiet while also having all the education throughout the yards and the paddock.

Handled With: Bikes , Dogs , Horses , On foot , Vehicles

Assessor Comments: BUYERS here is a sensational opportunity to purchase one deck of VERY GOOD QUALITY Angus X Angus steers where not a cent has been wasted on genetics and Sire lines. These steers are all out of Knowla Angus Bulls with bloodlines going back to Booragul Revenue and Bomont King. These bulls have been purchased to inject better carcass, fat positivity for the local seasonality, IMF and EMA. Bulls purchased average $18k/$20k and you can see the progeny year in year out improve. Well renowned cattle ac/Riverdown Pastoral for finishing grass cattle to supply the domestic Grass Premium programs as well as Feedlots chasing these genetics. These cracking calves were late to drop and at assessment weighed 263 - 411kg to average 320kg. These steers would suit a backgrounding winter crop program and to carry through to do a Grass Bullock job. Please see media to make your own assessments as these steers will not disappoint in any program.
