Assessor Comments

An excellent opportunity to purchase 33 Angus x Angus backgrounding steers in forward store condition. At assessment,

the steers averaged 354kg and offer outstanding potential to develop into heavy feeder steers or bullocks with the right feeding program. These quality steers display excellent bone, depth, and overall frame, providing buyers with confidence in their future performance. Quiet and easy to handle, they are a pleasure to work with and present an ideal option for backgrounders, feeders, or those looking to add weight and value through to heavier markets. * please note two head with old pink eye scaring
