Temperament not assessed in

Cattle displayed excellent temperament during assessment. All calves flowed through the yards smoothly with minimal disturbance. The odd calf tried to turn in the race but other than that they are quiet and easy to handle making them suitable to all experience levels.

Assessor Comments

A top quality line of 4-5 month old Angus x Friesian heifer calves, currently on a grain fed diet and exhibiting outstanding weight-for-age. With an extremely positive market outlook and recent rainfall providing excellent seasonal conditions, these heifers present an outstanding opportunity for ongoing feeding programs or future breeding operations. Buyers please note vendor has another 2 lots of steers in same sale.
