Assessor Comments	AS & KM Cain, 'Oakbank' Heywood Vic, will offer a line of 13 EU accredited Angus X Steers 9 to 10 months, GAR & SAV blood, weaned, Antibiotic Free. Steers will present in healthy store to forward condition, they were all weaned on the 4/3, straight on to Mckenzie Ag weaner mix and haven't looked back, they were all weighed from 295 - 373kg to ave 333kg (full) at assessment. Nicely bred Angus steers that won't disappoint, steers display nice length, width, bone, softness and extremely quiet. Steers would be ideal now to put out on grass and either background for feedlot markets later on or retain and grow out into heavy export bullocks yourself. These steers are only being offered as vendors need to lighten off as winter has approached, normally would be retained and sold as heavy feeders late December or early January. Vendors also offering 47 of their Angus brothers in this sale, a neat 2 decks on offer.
