Heifers generally good to handle in yards and crush. They moved in freely yard as typical fresh weaners do. They will settle down as weaning progresses

| Assessor Comments | A very good line of vendor bred Angus cross backgrounder heifers are on offer. Heifers have good bone and structure for any market or operation or to retain as future breeders. They have frame to put the kilos on, heifers will remain in yard until delivery and fed quality oaten and barley hay, worked with dogs in yard. One Heifer at assessment had old scarring in eye, no problems with vision. Heifers have a reputation to perform and will not disappoint any buyer. Weight range of 240 - 340kg to Average 273kg. Vendor has other lots in same sale. |
