Assessor Comments	Buyers a very nice line of pure Angus cattle on offer on behalf of the Rynne family. These are a great line of cattle that we are yet to see the best of, these steers have been on the receiving end of an below average season and would absolutely leap out of their skins if given access to good feed. This tremendous run of steers would usually be retained and grown out and marketed into heavy long fed Angus feeder programmes where they have had great success. The family's Angus cattle are noted performers on the ground and on the hook. Buyers these steers are in the perfect condition to be grown out for heavier markets and have had all the hard work done, the steers have been properly weaned and educated and are ready to go on with. These steers are very well bred with a wealth of genetics behind them, the Rynne family go through rigorous selection processes when selecting new sires for their herd.
