Assessor Comments	Buyers, on offer is a neat line of 34 Good Quality Weaned Angus Heifers for your consideration. Heifers are currently running on oats however still have plenty of compensatory weight gains to offer intending purchases and would be ideal to take through to heavier joining or feeder weights. The Burke Family cattle have traditionally been marketed through the Dalby saleyards and have always been strongly received. The group would make ideal future breeders to Spring join to the bull of your choice and have been selected to be offered as a neat deck lot for transport. Heifers are conveniently located 5km South of Brigalow QLD on the Warrego Highway. Please see photos and video for further judgement.
