| Assessor Comments      | A great opportunity to purchase well bred steers of very good quality that are ready to be weaned, steers are sired by Santa & Limousin bulls from well bred Santa/Hereford x cows. Steers were good to handle in yards and moved through the crush with ease. These steers would be ideal to grow out on oats to feeder weights or take onto bullocks.                                        |                         |                             |
