Assessor Comments	These EU steers present in forward to forward-store condition. Ranging in weight from 352 kg to 476 kg, they are an ideal article to continue on oats and will offer a quick turnaround as heavy feeders, domestic-weight killable cattle, or can go straight into a feedlot. The steers are vendor-bred. They are usually taken through to heavy export feeder weights, but due to dry weather the oats is very late this year. cattle have been hand fed and are very very quiet. IMMUNE READY, TREATED WITH BOVISHIELD AND RHINO GUARD 15/11 Good, quiet cattle with proven doing ability. Note 19 heifers in same sale
