Assessor Comments

On offer is the annual draft of vendor bred Angus steers, Hazeldean and Bongongo blood. These steers are all weighed 240kg plus full at assessment and have been properly weaned since May and are running on improved and natural pastures. A very good opportunity to secure a good line of one-mark steers, with good growth to take out to feeder or export weights. Presenting in store condition these steers will respond to good feed. Please note: very small % of old ringworm scarring deemed not detrimental to sale.
