Assessor Comments	Quality line of vendor-bred Angus steers presented in store condition and ready to power ahead. These steers on offer are the vendor's "tops of the drop" selection. They are bred from medium to large frame Reiland Angus bloodline females and sired by quality Reiland Angus bulls. Given the right opportunity, they are expected to perform exceptionally well for the successful purchaser. These steers would normally be retained by the vendor and grown out to heavy feeder weights. Previous feedlot buyers have spoken highly of the performance and consistency of the vendor's cattle. The steers are eligible for grass-fed programs and have never been treated with antibiotics. Buyers should also note that the vendor will be offering two lines of Angus heifers in the same sale.
