Free moving when offered space yet sensible and easily blocked. The odd steer fidgeted in the race and crush - a normal reaction and settle well when back among mates.

Notable Traits

	Traits
5 Head	Seasonal ringworm - very light

Assessor Comments	Good quality Droughtmaster , D/M Santa cross and D/M cross #5 steers - EU accredited - HGP free. Steers that show very good shape and muscle, bone and length. Overall good dark colour Droughtmaster x steers with soft attributes and fleshing. Ideal to background the lighter end further and introduce the heavy end direct onto full feed.
