Comment on Fat Score 1 Cattle

All steers are in good strong condition and fit to travel any distances required.

Vendor Bred

Stock History

Lifetime Traceable

Breeding Comments

Yes

Bred out of an original herd of Hereford and Hereford cross cows that have been crossed with Droughtmaster, Charolais, Hereford, Simmental, Black Simmental and Santa bulls and progeny by the same breeds. Odd Brangus cow in herd.

100% of cattle in this lot are Lifetime Traceable

Bulls ex: Charolais (Tanic, Elridge & Clare), Simmental (Woonnallee), Santa (Cardona), Black Simm. (Bonnydale), Hereford (Jarrah).

Grazing Conditions

Bred on light Ironbark forest country grazing native grasses, some improved Buffel and Seca Stylo that has hayed off over the winter.

Returned to: Will remain in the yards on Lab Lab and Rhodes grass hay.

Burr/Seed in Coat

No Burr or Seed of weeds declared noxious observed in the coats at assessment

HGP Status	The owner declares that the cattle have not been treated with HGP at any period of their lives		
Health Treatments	Drenched	15/02/2026	Cydectin LA (branding)
	Vaccinated	15/02/2026	5 in 1 (branding) First Dose
	Other Treatment	13/07/2026	Amitik (plunge dip)
	Other Treatment	15/07/2026	Amitik (plunge dip)
Chemical Residue	Clear - No known history.		
Vendor Comments	Vendor regularly competes in hoof and hook competitions and have in the past had success in the Dawson Valley Carcass Competition winning champion ribbons amongst large numbers involved.		
Temperament	Yards	Crush	Paddock
	Quiet: 76 head	Quiet: 78 head	Temperament not assessed in
	Slightly Stirry: 6 head	Slightly Stirry: 4 head	Paddock
	Steers were very good to handle in all areas of the yards and also considered quiet when moving from yard to yard and in the crush they were quiet. Generally, the temperament is not an issue at all. Buyers should be warned however, most cattle need to be settled down on arrival after a truck trip and in strange surroundings before they are shown the bush gate. Vendors always present their cattle in an excellent quiet manner.		
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses		
Notable Traits	Traits 1 Head Sleek coated steer with no tail brush		
Assessor Comments	Buyers, great quality weaner steers best described as "flatback" Composites. These have been bred in light forest type country so anticipate excellent weight gains on better quality heavy developed scrub soil country. Present in forward store to store condition and look to have gone through the weaning process without a hitch. These should hit the ground running wherever they end up. Vendor has had great success in carcass competitions over many years and are doing an excellent job breeding flatback type cattle to suit the domestic supermarket trade. I have been assessing cattle at Glandore for about 7 years and without doubt these are the best crop of calves I have assessed so far. They show terrific bone and muscling, depth of barrel, length. With these probably the younger steers in the drop they still possess plenty of weight for age all achieved out of light forest type country, amazing!! These traits are clearly evident in the video and photos. Vendor is a regular user of AuctionsPlus and we are finding repeat buyers operating on these cattle regularly. Producers with a backgrounding operation are advised to purchase these and see how they perform, guarantee you'll be back for more. Note these should fit on a 2-deck unit but the vendor will ensure they are loaded comfortably. There is an additional 4-deck line of steers slightly heavier if purchased can all fit on two B-Doubles.		
Assessor	Bob Jakins (Level 1 Accredited) Phone: 0419 788 366		
Delivery Period	17/07/2026 to 20/07/2026 (4 days)
