Notable Traits

Traits

10 Head Small rubbing on neck and in-between back legs

2 Head Weeping eye

Assessor Comments

Buyers A Quality run of the Terrica Station Red Angus weaned Steers. These steers reflect years of strong genetics and consistent breeding evident in their type and quality. Cattle have a great nature and were a pleasure to work throughout home yards. Steers would be an asset to any grazier weather they will be grown out for the domestic market or onto future bullocks. The steers have had all the hard work done including Rhino guard, Bovi Shield, 5 in 1, drenched and are ready to hit the ground running. Steers have had access to quality oaten hay and XLR8 pellets and showing great daily weight gains.(Please note Vendor has multiple lots in the same sale.)
