Assessor Comments	33 EU Angus weaned Steers presenting in a healthy forward store condition. Steers weigh from 140 - 236kg to average 186kg full at assessment. Steers were very easy to handle throughout the assessment. Steers were weaned early due to the bad season to take the pressure off the cows. Steers would be ideal to buy to grow out to heavier weights on either grass or grain. Buyers note vendor has another lot in the same sale.
