Assessor Comments	18 EU Angus & Angus cross weaned heifers presenting in a healthy forward store condition. Heifers weigh from 117-211kg to average 170.4kg full at assessment. Heifers were very easy to handle throughout the assessment. Heifers were weaned early due to the bad season to take the pressure off the cows. Heifers would be ideal to buy to grow out to heavier weights on either grass or grain. Buyers note vendor has another lot in the same sale.
