	These steers were yard weaned for 7 days and very well handled since. They were a pleasure to weigh and draft. Steers are easy to block up and move around the yards		
Handled With	Bikes , Dogs , On foot , Vehicles		
Notable Traits	Traits		
	2 Head Old pink eye scarring		
Assessor Comments	Buyer on offer is excellent line of Millwillah blood steers bred out of a top line of cows. These steers were weaned in March and are ready to bounce away on crops or pastures. Steers show the length bone and stretch to grow out to the feeder market or the heavy bullock trade. The old pink eye scarring is not detrimental as the animals can see. Note steers were weighed after a long lock up and a cold couple of days. Top draft of 40 head also offered in today's sale
