Assessor Comments	A good quality run of Monaro bred heifers purchased as 2 lines locally. Heifers were selected for temperament, type and breeding with the original plan to retain for many years. Unfortunately the winter has tightened up and vendor needs to conserve feed for lambing ewes. Heifers are Hazeldean, Bongongo and Millah Murrah blood (as per previous vendors description). Heifers present in forward condition and would suit any Angus breeding enterprise or to feed through to domestic/export kill job.
