Assessor Comments	Tops of the drop line of Ardrossan blood Angus steers which averaged 376kg (324-419kg) at assessment. These steers are really hitting their straps, currently running on an oat crop, and would be ideal to top up to heavy feeder or kill weights or could go onto feed now. They are Greenham Never Ever Accredited / grassfed and antibiotic free eligible. They have also had their first shot of Bovilis MH + IBR. Offering \$/head and c/kg bidding options.
