Handled With	Bikes , On foot	
Assessor Comments	A quality line of 15 Organic Certified Friesian steers offered by MJ & RJ Whitsed. These steers are exceptionally well grown for their age, displaying excellent frame, length and with plenty of scope to continue performing. The cattle are very quiet and have been handled with care, making them easy to manage in any operation. They are an even line with sound structure and good bone, ideally suited to backgrounding through spring before entering heavy feeder or export programs. Running on quality pasture in the Upper Murray, these organically managed steers have developed naturally and are showing excellent weight for age. Buyers looking for genuine organic cattle with growth potential will appreciate the quality and consistency of this offering. An excellent opportunity to secure a hard-to-find line of organic feeder steers from a respected Upper Murray producer.
