Assessor Comments	Absolutely cracking run of spring drop (tops of the drop) calves as good as you'll find anywhere in Australia. Heavy boned, deep, soft steers. Bred impeccably, these cattle will take your eye at first glance. Massive conversion ability. Cattle have been managed meticulously, as a result have outstanding temperament and are well educated to work with. Vendor selling entire run of spring drop steers barring small percentage taken off the tail;. They carry reputation from previous years drops of outstanding performance both in backgrounding or feedlot environments. Steers are grass fed only, antibiotic free. These steers carry my highest recommendations and will continue to perform to the highest level in the right environment. Tight weight range of 320kg to 390kg full at time of assessment. Steers in perfect buying condition, all frame store to forward store condition. A hand full of cattle have either pink eye scarring or ringworm. Please note vendor has additional lots in this sale.
