Assessor Comments	Outstanding run of spring drop calves as good as you'll find anywhere in Australia. Heavy boned, deep, soft steers. Bred impeccably, these cattle will take your eye at first glance. Massive conversion ability. Cattle have been managed meticulously, as a result have outstanding temperament and are well educated to work with. Vendor selling entire run of spring drop steers due to seasonal conditions. They carry reputation from previous years drops of outstanding performance both in backgrounding or feedlot environments. Steers are grass fed only, antibiotic free. These steers carry my highest recommendations and will continue to perform to the highest level in the right environment. A tail of 50 steers was drafted off at assessment to achieve the tight weight range of 280kg to 320kg full at time of assessment. The steers present in perfect buying order, all frame in store to forward store condition. A hand full of cattle have either pink eye scarring or ringworm. Please note vendor has an additional lots in this sale.
