Assessor Comments	Ripping run of spring drop heifers offering a multitude of options and end markets. A tail of 20 head drafted off at assessment, every heifer carefully inspected, resulting in a true to type run of females. Bred impeccably, these cattle will take your eye at first glance. Massive conversion ability, or retain to grow into large frame, fertile, heavy milking cows as the mothers they came from. Cattle have been managed meticulously, as a result have outstanding temperament and are well educated to work with. A great opportunity to secure genetics from Dukalskis Farming that have been rarely available over recent years. Heifers are grass fed only, antibiotic free. These heifers carry my highest recommendations and will continue to perform to the highest level in the right environment. A hand full of cattle have either pink eye scarring or ringworm. Please note vendor has an additional lots in this sale.
