Heifers temperament was extremely quiet and easy to handle through the yards and while been weighed and drafted. The vendors take a lot of pride in handling their cattle & spend a good amount of time educating them which can be seen with these heifers.

Assessor Comments	19 Vendor bred Angus cross weaner heifers. These heifers are soft, quiet and easy to handle. They are very tidy at the head and would not look out of place as replacement breeders or to be taken to heavy weights. Vendor is offering heifers delivered to Morven railway hub to asset with trucking.
