Assessor Comments	Backgrounders here's a great opportunity to buy well Bred Supermarket type Backgrounder steers, these steers show great weight for age, structural characteristics and bone. These steers won't disappoint. The cross bred steers show exceptional growth, while the Angus & Murray Grey steers are equally poised to excel on crop or grain. This deck load of steers will not disappoint. About half of these steers where weaned 6 weeks ago, yarded, fed hay and educated through yards, gateways etc. Remainder weaned as listed on the 13/6/26. Those that have been weaned have held their condition well and continued to grow well. Vendor has a deck of heifers in same sale. I highly recommend these steers.
