Assessor Comments	Backgrounders here's a great opportunity to buy well Bred Supermarket type Backgrounder Heifers, these heifers show great weight for age, structural characteristics and bone. These heifers won't disappoint. These Angus, Murray Grey & cross bred heifers are bred to excel on crop or grain. This deck load of heifers will not disappoint. About half of these heifers where weaned 6 weeks ago, yarded, fed hay and educated through yards, gateways etc. Remainder weaned as listed on the 13/6/26. Those that have been weaned have held their condition well and continued to grow well. Vendor has a deck of steers in same sale. I highly recommend these heifers.
