Assessor Comments	Buyers, on offer 74 Angus X Angus steers that will be offered as a run at the gate of 148 steers, in two lots of 74. Steers were purchased out of New England and Central NSW weaner sales and are only being sold due to no longer fitting within future programs of the vendor. A huge compensatory weight gain is on offer for these steers being in store condition. Whether it be on grass, crop, or grain these cattle will excel. Please note a small number of steers presented with blight scarring but was not deemed an issue. A great line of Angus x Angus steers that offer a great opportunity for the purchaser.
