Assessor Comments	A very good line of heifer weaners by TEMANIA,MOOGENILLA & RIGHT TIME Angus bulls.Weaned on the 16/3/26 these cattle have been fed in containment on hay and pellets.Drenched and vaccinated with Ivamectin and 5 in 1 respectively.These heifers were good to handle in the yards and through the crush with only a couple getting slightly stiry when under pressure.A great line of heifers to grow out for feeder market,fat market or to retain as a line of breeders.Please note two heiferswith blue eye and 1 heifer with scur.
