Assessor Comments	Nice line of Hereford steer weaners. They were a pleasure to handle and are very quiet. Nice soft coated calves that are starting to show their potential after coming out of a tight autumn period. Vendor takes a lot of time handling his cattle properly and it shows as these cattle are exceptionally quiet and would be ideal cattle for a smaller holding or to bolster number in an existing herd. Given the right nutrition these steers will grow out to feed or kill weights.(please note Vendor has 9 Black baldy steers and 12 Black Baldy heifers in same sale)
